2017-18 International Student

Financial Aid Application (also for Spring Semester 2017 new students)

Student Financial Planning Office, 158 Harmon Drive, Northfield, VT 05663 USA PH: 802.485.3015 / Fax: 802.485.2024 / Email: nufinaid@norwich.edu

Norwich University is pleased to offer both merit scholarships and need-based grants to international students enrolled in our undergraduate programs at our Northfield, Vermont, USA campus.

This application is exclusively for need-based grants determined by student and family income and other information. Your application may be returned via e-mail attachment, fax or paper mail. Our contact information is provided at the top of this page. Your application for admissions will be used to determine your academic merit scholarship amount.

When completing the application, it is important to:

- Answer all questions that apply to you and your family.
- Convert all currency figures to U.S. dollars (\$) before entering them onto the form.
- Return the form directly to the Student Financial Planning Office at Norwich University.

Most of the questions on the International Student Financial Aid Application are self-explanatory. The brief instructions below address questions that have resulted in the most common requests for assistance. Please contact us by e-mail or phone if you need help answering any questions on this application. Our contact information is provided at the top of this page.

Section A – Student's Family Information

This section gathers information about the student who is applying for aid and members of the household supporting the student. On this application "parents" means the custodial parent(s) – the parent or parents (or legal guardian) the student lives with. If the natural parents have divorced and the custodial parent has remarried, "parents" are the custodial parent and the stepparent.

You do not need to list the student or parent name and age information for a second time within the family member listing section.

Section B – Income and Asset Information

Provide income information about the student, the student's spouse if married, and the student's parents if the student is not married. For assets, do not include the value of the family's primary home of residence, or retirement-specific savings accounts.

International Student Financial Aid Application

Section A: Student / Family Household Information

Note: All financial aid award and enrollment cost figures provided by Norwich University will be in US Dollars.

1.	Your Name:	2. Date of Birth:
	Family (last name or surname) Given (first)
